

PRODUCT SPECIFICATIONS

WASP Play Shockpad 18

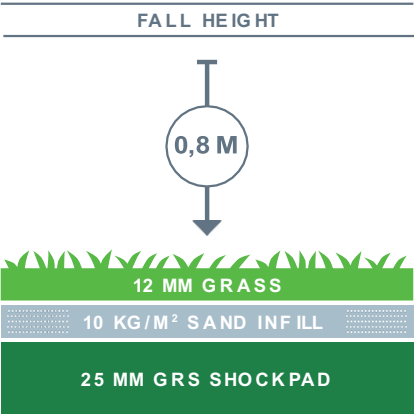

WASP Landscape Shockpad 18 is a certified, ultra-light, easy to use fall protection plate. WASP Landscape Shockpad 18 is produced in a high-end production facility in Europe, so we are sure to always deliver good quality products very quickly. The WASP Landscape Shockpad 18 plates fit in like a puzzle and are easy to install because of the 18 mm thickness. Therefore, the WASP Landscape Shockpad 18 is ideal for realizing more comfort and better drainage of your artificial grass in gardens and landscaping. Moreover, a shockpad protects the bottom of the artificial from damage by sharp objects. WASP Landscape Shockpad 18 can be used in two different systems (see below).

THE BENEFITS OF THE WASP LANDSCAPE SHOCKPAD 18

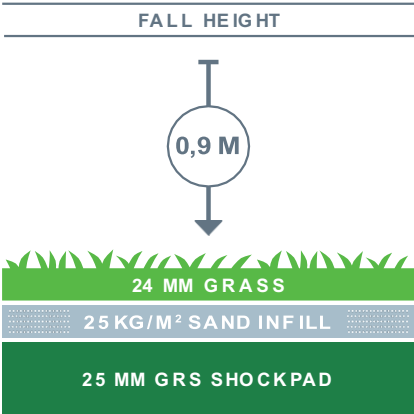

- Easy to install
- Better drainage
- Less maintenance costs
