

PRODUCT SPECIFICATIONS

WASP Play Shockpad 55

WASP Play Shockpad 55 is a certified, ultra-light, easy to use fall protection plate. WASP Play Shockpad 55 is produced in a high-end production facility in Europe, so we are sure to always deliver good quality products very quickly. The WASP Play Shockpad plates fit in like a puzzle. This results in better, more reliable shock absorption than other shockpads. Our WASP Play Shockpad 55 has an effective drainage to accelerate dewatering of the field during inclement weather. The WASP Play Shockpad 55 can be used in two different systems (see

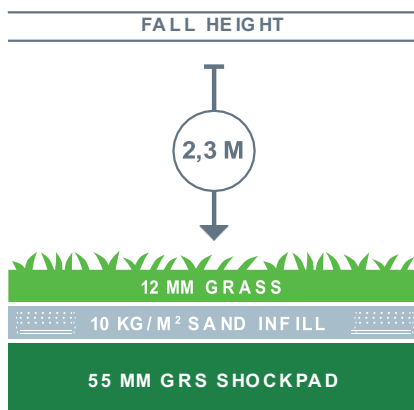

below).
